

Useful resources to browse over the summer

Expanding your knowledge and point of view through reading and exploring organisations on the internet will help you in many ways with your Health and Social Care studies. Here are some ideas and resources for you to explore over the break:

- 1) Find 3 interesting facts from the following websites. Be prepared to share your findings on your return to school in September.

Websites	3 interesting facts
Department of Health www.doh.gov.uk	
World Health Organisation www.who.int	
The NHS www.nhs.uk	
Skills for Health www.skillsforcare.org.uk	
Britain in a day www.bbc.co.uk/programmes/p00kqz5p	
Age UK www.ageuk.org.uk	
Mind www.mind.org.uk	
TED www.ted.com	

2) Find an article from www.nhs.uk 'Behind the headlines' . Make notes about your chosen article as this will be used for class discussions. It will be useful to have a copy of the original article.

3) If you want to explore a little more……

Can you find out what the legislation is in place in the UK to protect individuals from being discriminated about for any of the following reasons?

Race, Gender, Disability, Sexual orientation, Religion or Belief, Age.

Research on the internet and bring your ideas to class.
